Vetoes Anti-Trust Law Amendment. TRENTON, N. J., April 14.—Gov. Fielder has vetoed bills designed to amend three of the seven sisters' anti-trust laws fathered by President Wilson when Governor of New Jersey and passed by the legislature of 1913. The bills relate to mergers, discrimination in prices and combinations to create monopolies. Gov. Fielder in his vetoes said in effect that the bills would take the teeth out of the corporation laws of the state that were put in by the seven sisters' measures.

THE QUICKEST WAY TO END CATARRH

Just One Sure Way To Be Rid of This Ailment.

Rad of This Aliment.

Catarrh is a germ disease. To stop it for good you must get down to its real cause. The air is full of catarrhal germs couphed and sneezed out by one person and breathed to by another, and when the system falls to throw off these germs they find permanent lodgment in the mucous membranes of your nose, throat and head and breed by millions.

The germs of catarrh can be destroyed and the ludamed tissues permanently healed by inhaling the air of the pure medicated off of Hyomel (pronounced High-o-me). You hreathe its air into your nose, throat and lungs by means of a small hard rubber inhaler that O'Donnell's Drug Store and other reliable druggists here in this vicinity furnish with each large complete treatment. This medicated, antiseptic air is certain death to the germs of catarrh and drives them entirely out of your system, and when the germs are destroyed the catarrh with its obnerious symptoms will stop. Just two or three minutes' use will give you blessed relief while its use two or three times a day for a few weeks will drive catarrh and every symptom of catarrh completely and entirely from your system. No catarrh sufferer can afford to go another day without trying this wonderful treatment as reliable druggists everywhere sell it on a positive guarantee of entire satisfaction or money cheerfully refunded.—Advertisement.
